...the leading provider of language lab technology that supports teachers in their role as instructional coach in the classroom.

Stevens Learning Systems is committed to meeting the needs of both students and teachers by providing instructional language lab technology that creates a day-to-day interactive classroom environment. The Renaissance 2200 Language Lab System instantly connects students with multiple partners for interpersonal communication and with small collaborative groups for presentational communication. Simultaneously, the classroom teacher can monitor, coach and assess students as they progress from performance to proficiency.

In addition to AP testing, our system allows teachers to administer and rate performance-based assessment through simultaneous recording of students with click-screen grading and customized rubrics.

We are dedicated to providing highly-responsive support and excellent service to our clients.

**Education Office – Embassy of Spain**

The Education Office of the Embassy of Spain is responsible for organizing, managing, and implementing Spanish educational policies in the United States and Canada.

Some of the programs to highlight:
- Cultural Ambassadors
- Language Assistants
- Visiting Teachers
- Spanish Resource Centers
- Summer courses in Spain
- PD

And it also provides free online educational material in Spanish for teachers and students.
