## Module 4: Activity 5

### Developing *Can-do* Statements

Choose one of the following topics. Develop four or five can-do statements appropriate for your language learners that would help them assess what they *can do* with language. Remember to include all criteria for effective *can-do* statements.

1. Lesson on meals and foods. *How can what I learn about foods and eating habits help me make healthier choices?*
2. Lesson on weather and temperature. *How can what I learn about weather and temperature help me plan my day?*
3. Lesson on sports and daily activities. *How can what I learn about sports and daily activities help me develop a healthier lifestyle?*
